The News is authorized to announce Lewis G. Knight as a candidate for superintendent of schools, subject to the will of the people to be expressed at the annual school election.

An agitation of the "Good Roads" question at the present time might result in practical benefit.

The celebration of George Washington's birthday last week, emphasizes the fact that he is still "first in the hearts of his countrymen."

Senator Tillman says he is now ready to vote for Booker T. Washington for a place in the president's cabinet. Benjamin couldn't vote for a better man.

The negro will continue as a citizen of the United States. It was decided at the meeting of the Jasper Literary Society Friday night not to deport him to a reservation in the Philippines.

It is not surprising that President Roosevelt should be an advocate of large families. This is thoroughly in keeping with his doctrine of the "strenuous life." Large families and the strenuous life go hand in hand.

The shipment from Jasper from January 1st, to the middle of February, amounted to more than the total shipments for the first seven months of 1902. The shipments for the past two months would have been almost as large again as they were had it been possible to have gotten the cars.

For the Farmer.  
From the Youth's Companion.

Six million, two hundred thousand farmers' bulletins on a hundred and forty different subjects were printed for the Department of Agriculture during the past fiscal year. As there are about six million farmers, exclusive of agricultural laborers, in the United States, this is one pamphlet for each one. If any farmer did not get his copy, it was because he did not apply for it, for they are nearly all turned over to the members of Congress for free distribution.

There is hardly a subject in which farmers are interested that is not discussed in some of the various bulletins. Information is contained in them about the feeding of farm animals, hog cholera, how to kill weeds, the care and feeding of chickens, butter-making and the care of milk, the vegetable garden, good roads, breeds of dairy cattle, bread-making, how to raise apples, rice-culture, tomato-growing, sugar as food, insects-affecting tobacco, cotton and grapes; diseases of potatoes and apples, how to detect oleomargarine and renovated butter, tree-planting on rural school grounds, the Angora goat, and scores of other things.

It would be difficult to estimate with any degree of accuracy the financial benefit which has accrued to the farmers from the perusal of these bulletins. Such men as believe they must be continually studying to keep abreast of the times and to understand the possibilities of their business have been the most diligent readers of the publications of the Department of Agriculture. It is the benefit which these men have derived that justifies the continued expenditure of money by the government for free education of this kind, an education almost as necessary to national prosperity as that provided for the children in the public schools.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the diseased and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative power, that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. SHERMAN & Co., Toledo, O. Sold by Druggists 75c. Hall's Family Pills are the best.

### Tragedy Averted

"Just in the nick of time our little boy was saved!" writes Mrs. W. Watkins of Pleasant city, Ohio. "Pneumonia had played sad havoc with him and a terrible cough set in, besides. Doctors treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for consumption, and our darling was saved. He's now sound, and well." Everybody ought to know, it's the only sure cure for coughs, colds and all lung diseases. Guaranteed by Webb Bros. Price 50c and \$1.00. Trial bottle free.

### READ IT THROUGH.

#### Twoold Spoil This Story To Tell It In The Headline.

To use an 18th century phrase, this is an "over true tale." Having happened in a small Virginia town in the winter of 1902 it is a story very much of the present. Up to a short time ago Mrs. John E. Harmon, of Melfs Station, Va., had no personal knowledge of the rare curative properties of Chamberlain's Cough Remedy. "Last January," she says "my baby took a dreadful cold and at one time I feared she would have pneumonia, but one of my neighbors told me how this remedy had cured her little boy and I began giving it to my baby at once and it soon cured her. I heartily thank the manufacturers of Chamberlain's Cough Remedy for placing so great a cure within my reach. I cannot recommend it too highly or say too much in its favor. I hope all who read this will try it and be convinced as I was." For sale by Webb Bros.

Kodol dyspepsia cure cleanses the system, strengthens the stomach and allures the membranes of the stomach, and cures indigestion, dyspepsia and all stomach troubles. E. I. LAUDERBAUGH.
